

CSCI 176 (Parallel Processing) SP2021 Term Project Report 40 pts Due: May 05 (W)

The term project report should include the followings:

1. Problem description and motivation (e.g., why this problem is appropriate application for parallelization, etc.);
2. Baseline solution approach (e.g., serial algorithm);
3. Parallel solution idea/scheme/algorithm;
4. Implementation methodology in detail;
5. Performance comparison/analysis;
6. Attach all codes and run time outputs.
